## SLIM

**SLIM** is a collection of multipurpose chairs and armchairs with a contemporary but timeless design, suitable for both public and private settings. The backrests and chair seats can either be produced in plastic in a range of colors or be upholstered. Both the seats and backrests can be upholstered in any of the leathers or fabrics from the INCLASS swatch samples as well as any fabrics supplied or specified by the customer. Optionally, the upholstery can be customized with horizontal seams. The metallic structures have a chrome finish.
