29. Atlas Carpet Mills: Ville des Lumières

Space 1062

Inspired by the streets of Paris, the patterns in the Ville des Lumières collection are available in broadloom or carpet tile and as area rugs. The four standard patterns—Brillant, Éclat, Kaléidoscope (pictured), and Solaire—are joined by 12 additional custom designs in 16 color options. The products are tufted with Antron Lumena Type 6.6 nylon and utilize recycled content.

30. Sandler Seating: Beret

Space 1099

Beret is an upholstered chair in side, dining, lounge, and stool versions. Designed by Gabriela Raible for Sandler Seating's Tonon collection, Beret is available with or without arms and stitching details on the back. A variety of wood leg options include six beech finishes and two walnut finishes. The chairs can be upholstered in a range of materials, such as fabrics and leathers.

31. CF Stinson: Northern Parallel

Space 10-150

Northern Parallel is a collection of seven textiles in 72 colorways that explores the connection between the states of Michigan and Maine, home to CF Stinson's headquarters and design studio. Parallels between the states, including similar geographic latitudes and diverse seasons, inspired such patterns as Monhegan, a multicolored jacquard weave, and Cranbrook Loop, a high/low loop velvet.
